

TheaterStation

Are you ready for a Revolution?

SAFEGUARD YOUR MEDIA

Sleep soundly knowing that your investment in your media is safe and secure by creating a backup of your TheaterStation® with Envive's line of storage devices. Avoid data loss and lengthy reloading by storing your data with an external device that you can keep in a safe location.

FEATURES

- Easily backup your entire TheaterStation content library
- Completely restore your last backup for data security
- Small, quiet unit that is easy to hide away
- Simple USB connection to TheaterStation
- Tray-less operation enables easy replacement of hard drives

Experience the same great TheaterStation Spin™ user interface from anywhere in your home.

By connecting up to four clients to a single server, users can enjoy five unique zones of content streaming from the same server all over an existing wired home network.
